# E3 Series Universal Thermostats

## Easy to Install - Easy to Program - Easy to Operate

With a 5 minute installation, real-life programming and simple operation, these thermostats take the stress out of getting comfortable. With conventional and heat pump compatibility built-in, even selecting the right thermostat is simple.

**53100**  
Non-Programmable

**53200**  
5/1/1 Day Programmable

**53300**  
7 Day Programmable

### ALL E3 Series are compatible with:

- 2 heat/2 cool systems
- Gas standing pilot and electric ignition
- Gas and oil fired boilers
- Electric heat
- Millivolt
- Hot water gravity and zoned
- Hot water motor valves (3-wire)
- Hot water solenoid valves (2-wire)
- Heat pumps with electric/gas/oil auxiliary
- Air/ground/hydro exchanger

### Specifications

- 20-30 VAC
- Current draws .1 to 1.5 amps
- Temperature set and control range 45°-95°F (6°-35°C)
- Operating differential +/- 1°
- Compressor protection: 3.5 min. delay on break
- Terminations: Rh, RC/R, Y, G, W, L, O, B, AE/W2, Y2, C, A

### Easy Installation Features

- Color coded wire terminals
- Built-in level bulb
- Break away guides for less common terminals
- Screwless terminals

## 53100 Non-Programmable

- Easy install features
- Blue backlight
- Permanent memory
- Filter monitor
- System powered with battery backup, or battery powered (2 AA batteries included)
- Freeze protection
- 3 year warranty

## 53200

### 5/1/1 Day Programmable

- Easy install features
- 25% fewer programming steps
- 4 programs per day
- Save Away™ override
- Blue backlight
- Permanent memory
- Filter monitor
- System powered with battery backup, or battery powered (2 AA batteries included)
- Freeze protection
- 3 year warranty

## 53300

### 7 Day Programmable

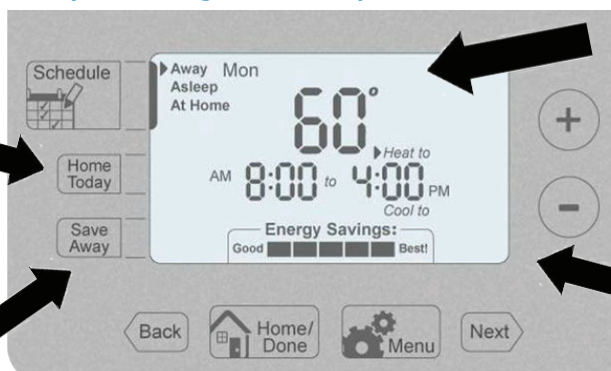

- Easy install features
- 25% fewer programming steps
- 4 programs per day
- Save Away™ override
- Energy Guide™
- Home Today™ override
- Keyboard lock
- Blue backlight
- Permanent memory
- Filter monitor
- System powered with battery backup, or battery powered (2 AA batteries included)
- Freeze protection
- 3 year warranty

## Easy to Program & Operate Features

**Home Today** Override keeps comfort level on those odd days when occupants are home during "Away" period

**Save Away** Override allows for energy saving settings when occupants are away during "At Home" period

**Away/Asleep/At Home** user interface simplifies program periods

**Energy Guide** gives instant feedback when programming
